

CONTINENTAL COUNCIL

These are continental board members elected to represent their regions in the continental council, out of this group we have 5 who sit as regional Chairpersons and report to the IGC, heading the 5 continents across the world, with a mandate to lead monitoring and evaluation of the FPI activities and policy implementation as well as the election of senior councillors for regions. 2 country Board members and 2 country executive members from each country form the continental council and serve a 3-year term; these teams report to the Continent's Executive Chairperson, who in turn reports to the continent's Vice President. The Executive Chairpersons and the country counsellors will be inducted into sub-committees that carry out different duties and responsibilities for a period of 3 years in their continents and regions, they report to the IGC Chairperson. These teams meet twice each year in a designated country and once every month virtually to report and discuss projects and challenges in their regions.
